**Re: Methadone Clinics and Methadone Pharmacies -- Official Plan Changes**

To the Members of Planning and Environment Committee,

The Woodfield Community Association would like to express our support for the Official Plan and Zoning By-Law amendments as outlined in #OZ-8004. We are hopeful that these changes will provide an effective framework for the City to better control the location and size of Methodone Clinics and Pharmacies.

We would also like to stress that this amendment is not sufficient to solve the problems associated with these services. It is essential that the City move forward with a strict Business Licensing By-Law and the WCA would like to be kept informed about that process.

Yours sincerely,
