Schedule '1'

Appendix 'B'

DOWNTOWN / OLD EAST VILLAGE RESIDENTIAL DEVELOPMENT CHARGES GRANT PROGRAM

1) Purpose:

The Development Charges Grant Program is intended to encourage property owners to increase the amount of residential dwelling units within the Downtown and Old East Village Community Improvement Areas. Redevelopment of these sites provides a public benefit by reducing urban sprawl and taking advantage of the City's existing servicing infrastructure. Reducing the development charges will provide an incentive to property owners in these areas. This program offers a grant to offset the municipal development charges paid for residential dwelling units to be provided to property owners within the Downtown and Old East Village Community Improvement Areas.

This financial benefit, together with the other incentives that are offered for the two Community Improvement Areas, will reduce "up-front" development costs and encourage investment by landowners.

This program is consistent with several goals for revitalization. It is anticipated that the program will:

- support the maintenance, improvement, beautification and viability of the historic building stock in Downtown and Old East Village. This stock is an integral feature of these areas and offers a unique built environment that cannot be replicated;
- promote intensification and redevelopment where infrastructure currently exists;
- aid in the achievement of intensification and redevelopment targets within the existing built-up area;
- encourage the development of residential units in older buildings through conversion, adaptive re-use, redevelopment and new construction;
- support the viability of distinctive, interesting and attractive residential and commercial spaces to assist in the regeneration of the Downtown and Old East Village Areas;
- strengthen the Downtown and Old East Village property assessment base; and,
- help ensure that buildings are safe for residents and patrons alike.

2) Funding:

Grant commitments will be provided subject to funding availability within the supporting reserve fund. Should there not be adequate funding to meet demand for the grant program, the City Treasurer (or designate) shall transfer the value of the grant amount to the Development Charge reserve funds as incentive program funding becomes available, based on the date of building permit issuance. Applicants eligible for Development Charge Grants under this program shall not be required to pay development charges in the event that the incentive reserve funds do not contain sufficient funding to cover the next development charges payable for the subject building.

2a) Program Expiration

The Development Charges Grant Program expires on August 4, 2019.

Council will regularly review the eligibility criteria and incentives offered to determine if the program should continue, be modified, or cease to issue any new commitments. The program will be monitored annually to ensure that sufficient funds are available for all commitments and to recommend any program changes. Additional guidelines or eligibility requirements may be identified and implemented at any time, in order to provide a more detailed description of how

this CIP will be administered. Modifications to this CIP will be made in accordance with the relevant provisions under the Planning Act and through amendments to these guidelines. A full review of the program will be submitted to Council no later than August 3, 2017.

The City may discontinue this incentive program at any time; however, previously approved applications for DC Grants under this program will continue to receive the grant incentives as approved for their properties. For the purposes of this section, participation in the program shall constitute an approved application for grant funding. Participation shall terminate in the event that the building permit for the construction of the subject building lapses.

3) Eligible Areas:

The Development Charges Grant Program applies to:

- all properties within the Downtown Community Improvement Area as defined in the Downtown London Community Improvement Area By-law (see Schedule #1); and,

7) Additional Rehabilitation and Demolition:

The Development Charges Grant Program does not impose any specific restrictions on additional rehabilitation or demolition.

8) Relationship to other Financial Incentive Programs:
