Chair and Members  
Strategic Priorities and Policy Committee

Re: Advisory Committees Terms of Reference

---

In order to ensure that the good work of our Advisory Committees is linked to the Council's priorities established by the recently adopted Strategic Plan, it would be advantageous to have our Advisory Committees submit an annual work plan for Council's consideration that shows a linkage to Council's priorities.

As a result, we would request that the following direction be given to the City Clerk:

That the City Clerk BE DIRECTED to report back with recommended amendment the Terms of Reference for the City of London Advisory Committees, where appropriate, to require the Advisory Committees to submit an annual work plan for Council's consideration that links the work of the Advisory Committees to the priorities as set out in the City of London's Strategic Plan.

Respectfully submitted,

Josh Morgan  
Councillor Ward 7

Virginia Ridley  
Councillor Ward 10
