Re: City Recognition Queen Elizabeth II - Longest Reigning Monarch

Queen Elizabeth II will become the longest reigning monarch on September 9, 2015. I am inquiring as to what actions the City of London might be able to undertake to recognize this milestone. Some suggested options to commemorate this event could include:

- Sending a message to Queen Elizabeth II
- Naming a portion of a major roadway
- Placing a symbolic sign on a major roadway
- Designate a public space

I am requesting the Civic Administration investigate this matter and report back to the appropriate Standing Committee, at the earliest opportunity, with recommended options that could be undertaken by the City of London to recognize Queen Elizabeth II as the longest reigning monarch.

Respectfully submitted,

Josh Morgan
Councillor Ward 7
