Subject: 250 - 272 Springbank Drive site plan

Importance: High

Chairman Hubert

Please accept this email as our request for delegation status for the above consent item on Monday's agenda.

I am not sure whether it will be Alan Patton or myself speaking to this. Mr. Patton is out of town all week at another OMB hearing. I will attempt to finalize my comments on the city site plan pre consultation. To be fair there is very little we agree on based on the decision of the OMB. My comments are awaiting one final review and will hopefully be available to the committee before the hearing on Monday. Ms. Lysynski has advised of the deadline for added communications.

Please confirm our delegation status.

Thanks you and regards

Ric Knutson
