Chair and Members  
Strategic Priorities and Policy Committee

Re: **Canada Post Community Mailbox Program**

On August 11, 2015, Mr. David Heap delivered approximately 2,860 signed petitions/letters to the City Clerk's Office, almost all of which appear to be from London residents, in support of keeping door-to-door postal service. The purpose of this communication is to advise the Strategic Priorities and Policy Committee of this submission.
