Subject: Code z 8483

M. Corby,

We are the owners of the Holiday Inn Express & Suites London located on 374 Dundas St and we were notified by our friendly neighbours that the application for the Low Income Housing apartments that are to be built next to the Executive Suites on the IMPARK lot have asked for an amendment from 50 Units to 69 Units. We strongly object on this matter as we feel this will impact our area considerably and this item should be rejected by the City of London.

We at the hotel did not receive any written amendment notice of change from the City of London on this matter, as this is not as per bylaws of the city. We would appreciate a change of date on this application for us to provide you the issues and concerns we have on these matters.

Thanks

Alnoor Nanji

SPN Group In. Vice President.
