

Education & Outreach Sub-Committee

Meeting Report

Date of Meeting – Wednesday, May 27th, 2015

Attending – Susan Ratz, Mary Ann Hodge, Christina Baranik

At this initial meeting members discussed various issues as follows.

- Environmental pet peeves.
- Communicating environmental tips / solutions to citizens including various efforts we are aware of.
- London Environmental Network – what knowledge/involvement we had of this group and their efforts.
- An annual ACE event – perhaps combining this with an event that already exists such as Clean & Green.
- Opportunities to get the word out about ACE – perhaps do outreach at other environmentally focused events.
- It was determined that Susan will be the chair for the sub-committee.

Actions to be taken...

- Susan to investigate who leads communication regarding environmental issues and set up a meeting with them.
- Christina to get further information regarding London Environmental Network.
