Corporate Services Committee

Re: Revisions to Tax Bill

It has been brought to my attention that other municipalities tax bill's, such as the City of Ottawa, provide a detailed breakdown as to how the taxes are applied to various services. Although I understand that the City does provide a brochure with tax bills outlining percentage, it would be more meaningful to the individual tax payer to understand how their taxes are applied to city services for their individual circumstances.

For your information, I have attached examples of a City of Ottawa tax bill and a City of London tax bill.

I respectfully request that the Corporate Services Committee recommend to Municipal Council that the Civic Administration be requested to investigate how the City of London's tax bill can be enhanced to provide more detailed information to the tax payer as to how their taxes are applied to City services.

Your consideration of this request is appreciated.

Respectfully submitted,

Virginia Ridley
Councillor Ward 10
