

Hello,

I am writing to voice my opposition of the demolition of 759 Elizabeth St. It is a beautiful home with many historical features (chimney, floors) and is deserving of ongoing care and preservation. There are few homes of such age in the city and it is incredible that it's retained its cottage-style charm from the 19th to 21st century. Please consider preservation at the Nov. 2nd meeting.

Thank you,

Caitlin MacInnes
