

Subject: Ontario Passes the Invasive Species Act

**Dear OIPC members and network,**

The OIPC is very excited to see the passing of Bill 37, the *Invasive Species Act*.

This legislation will support the prevention, early detection, rapid response and eradication of many invasive plants already in, or at risk to enter Ontario.

To see our full response, read our media release [here](#).

We look forward to working with the Ministry of Natural Resources and Forestry on the implementation of this Act and will keep you updated as implementation occurs.

Sincerely,

Kellie Sherman  
Coordinator
