

то:	CHAIR AND MEMBERS PLANNING & ENVIRONMENT COMMITTEE
FROM:	JOHN M. FLEMING MANAGING DIRECTOR, PLANNING AND CITY PLANNER
SUBJECT:	PLANNING SERVICES 2-YEAR WORK PROGRAM - UPDATED PUBLIC PARTICIPATION MEETING ON DECEMBER 14, 2015

RECOMMENDATION

That, on the recommendation of the Managing Director, Planning and City Planner, the following report including an updated 2-year work program, attached as Appendix A, **BE RECEIVED**.

PREVIOUS REPORTS PERTINENT TO THIS MATTER

October 5, 2015 – Planning Services 2 Year Work Program – identified Planning Services Work Program until the end of 2017.

July 18, 2011 and November 26, 2012 – previous reports to Council outlining the Planning Services Work Program

BACKGROUND

On October 5th, 2015 Planning Staff submitted a report to Council outlining the Planning Services work program for the last quarter of 2015, together with work planned for 2016 and 2017.

Recognizing the significant volume of work to be completed over the next two years, including ongoing processes and discrete projects, the purpose of the report was to provide a clear focus so that staff can allocate resources to those projects and programs that Council deems of the highest priority. Focusing the Service Area's work program in this way will allow Staff to:

- Meet statutory time requirements associated with planning applications
- Continue to deliver Council's highest priority planning services within existing resources
- Provide clear and reasonable objectives and workload for Planning Staff

At the October 5th meeting, meeting, Staff were asked to consider how they could accelerate the project on Entertainment Districts. In addition, several new items were added to the work program over the past month:

- Langarth/Garfield infill and intensification study
- Kraft Foods partnership basketball court upgrades
- Jenny Jones partnership playground in Springbank Park
- Amendments to Section 4.21 of the Z.-1 Zoning By-law to implement Wonderland Road Environmental Assessment reports
- Harris Park Bandshell expansion Federal Infrastructure Project
- Partnerships for City-owned Heritage Properties
- Interpretive signage and recognition of The Hollow area
- Update of Heritage Places (HCD studies prioritization)
- Update of City of London web pages showing heritage registry
- Report on status of Downtown parking lots

Agenda item	#	Page #

The revised work program is attached as Appendix A for Council's consideration. Planning Staff will use this work program to plan out their work and set priorities.

RECOMMENDED BY:	
JOHN M. FLEMING, MCIP, RPP	
MANAGING DIRECTOR, PLANNING AND CITY PLANNER
