## **Help us discover London's Heritage Heroes!**

Nominations for the 9th Annual London Heritage Awards are now open and we need your help in discovering heritage heroes in our region!

Do you know of a heritage restoration, renovation, or adaptive re-use project in your neighbourhood or elsewhere in the London region including Middlesex County?

How about an individual or a group who has dedicated countless hours to raising awareness about heritage in the London region through volunteer work, writing and research, or advocacy?

Maybe a single outstanding effort or action that made a notable difference for local built heritage?

Anyone can nominate a person, group or project - the evaluation criteria, list of recent winners, and nomination information is available on our [website](#). **Deadline for nominations is Friday, December 18, 2015.**

The awards will be presented at a reception to be held at [The Church of the Ascension](#) on Thursday, February 18th, 2016 at 7:00 pm during [Heritage Week](#).

The London Region branch of the Architectural Conservancy Ontario (ACO) is a volunteer-driven advocacy organization founded nearly 50 years ago with the threatened destruction of London's original financial buildings, the Ridout Street Complex, now a [National Historic Site](#).

ACO London is committed to conserving London's heritage architecture through public awareness and advocacy. We support and encourage architectural conservation through reuse and repurposing of older buildings, the creation of Heritage Conservation Districts to protect our historic neighbourhoods, and the active retention and maintenance of London's unique history as embodied by its built heritage.
