Subject: Delegation Request

Hi,

I'm law student at Osgoode Hall that's interning with the Canadian climate change non-profit Our Horizon. We are working with municipalities around Canada to introduce climate change risk disclosures on gas pumps through municipal licencing powers.

Cllr. Ridley suggested I contact your office directly to find out more about how to setup a delegation for our executive director Rob Shirkey to give 10 - 20 minute presentation to your Council or the appropriate Committee of Council.

Thank you very much for your time.

Best Regards,
