Subject: Thank you

Dear community partners,

On behalf of the Mayor's Advisory Panel on Poverty, thank you for your substantial efforts over this past month of community engagement. As both respondents and conversation hosts, you have helped us hear from hundreds of Londoners on solutions to poverty in London. You are helping to shape the direction of the recommendations that will be presented to the Mayor in March 2016 – and there are still conversations happening!

We will use the results of the past 3 months of engagement to begin developing draft recommendations. In February 2016, these will come back to you for further dialogue and direction. More information on how you can be involved in this phase of engagement is coming soon. Please stay tuned.

Maureen Cassidy and Chris Mackie
Co-chairs, Mayor's Advisory Panel on Poverty
