Re: Info-tech Research Group Request for Banner Signs on Utility Poles at 602 Queen's Ave.

To the Members of Public Safety Committee,

The Woodfield Community Association is in support of the staff recommendation to refuse this application. The WCA wishes to preserve the heritage streetscape in our community, and feel that it would be inappropriate to allow commercial property owners to advertise on the boulevard.

Yours sincerely,

*Wendy Dickinson
Planning Chair
The Woodfield Community Association*

About us:

If you live in the area of London, Ontario bounded by Richmond St, Adelaide St, Queens Ave, and the CPR tracks (that cross Pall Mall), then you live in Woodfield!

The Woodfield Community Association works to maintain and improve the high quality of core area residential living to be found in Woodfield. Our mandate includes maintaining the residential character of the community, preserving heritage resources, protecting and expanding our heritage tree canopy, encouraging neighbours to shop and play where we live, and promoting social events that bring the community together.

To join the Woodfield Community Association (\$5 for 4 years, or \$50 for a lifetime membership and free copy of our book on the history of Woodfield) please drop me a line, or give me a call. We would love to meet you.
