Project/Initiative	Background	Lead/Responsible	Proposed Timeline	Proposed Expenses	Proposed Budget	Relation to London Strategic Plan
Accessibility themed open-houses/community consultations	ACCAC has identified a need to better represent the incredibly diverse needs of ALL disabilities and aspects of accessibility that cannot be sufficiently met by a committee of 13 members. Consultations will solicit information on existing barriers and successes that could be expanded upon. Solicited information will form the basis of the development of the 2017 Accessibility Advisory Committee Work Plan and will contribute to the writing of the City's Accessibility Plan (required in 2017/18). Proposing 4 to 6 consultations spread across all wards, potentially working with Ward Councillors. Development of a Playground Accessibility Design Standard (to be included in future FADS revisions)	Historically ACCAC has had a member sit in on Playground RFP evaluations. Develop best practices/accessibility guidelines and considerations for Site plan review process	Site Plan review is mandated responsibility of ACCAC since the ODA (2001). Legislation still has some gaps or variances (e.g. applicable to different parties). Awareness campaign - Automatic Doors	Many door buttons throughout London are poorly located, non-functional or not present at all.
