**Subject:** RE: ACE

Hello Betty,

I am unsure if it needs to go on the agenda for the February meeting, but I am going to need to step down from representing ACE on the Cycling Advisory Committee due to current commitments. Although I value the experience and great work that the CAC is working on, I feel I cannot put my full attention into the committee anymore. I realize this will need to be addressed at the next ACE meeting. My apologies for any inconveniences.

Thanks,

Becki
