

Grosvenor Lodge, 1017 Western Rd, London On N6G 1G5

Jan. 26th 2016

LACH Committee

Dear Chair and Members of LACH:

We would like to suggest to the committee that "Woodholme" on Wonderland Rd be designated as a matter of priority. We have heard that this property is up for sale and that a request for 'infill potential' has been made.

This is a grand estate home of great significance. Not only one of the first poured concrete constructions in the province, it has a very unusual and pleasing design and is still surrounded by some attractive grounds. It was built by Richard Shaw-Wood (who pioneered concrete silos) and later by the Lawsons.

LACH had already prepared a statement of significance for Woodholme, but designation was never pursued.

The ACO London hopes that it can be pursued now.

Thank you for your attention.

Yours sincerely,

Maggie Whalley
