## Providing feedback on the draft recommendations

We recently sent you draft recommendations on how we can address poverty more effectively as a community. These recommendations were developed based research, best practices, and community input.

We are now seeking the community's feedback on the draft recommendations in three ways:

1. **Conversations-in-a-box** – resources that allow people to host their own conversations (provided in a previous email)
  - a. Thank you to those who have already scheduled conversations
  - b. Contact [povertypanel@london.ca](mailto:povertypanel@london.ca) to get the conversation-in-a-box resources
2. **Community conversation** – we have scheduled a community conversation on February 23, 4pm-6pm at Kiwanis Seniors' Community Centre (78 Riverside Dr.)
  - a. All are welcome
  - b. Please see the attached poster for more information
  - c. Registration is optional but encouraged: <http://mapop.eventbrite.com>
3. **Online** – Londoners can provide feedback on the draft recommendations at <https://www.surveymonkey.com/r/MAPOP>

*Please share these opportunities with others in the community.* This will be the final opportunity for community members and partner agencies to provide input into the work of the Poverty Panel. Every response strengthens the final recommendations; we want as many responses as we can get.

If you would like print copies of the attached poster, please email [povertypanel@london.ca](mailto:povertypanel@london.ca).

Thank you,

Maureen Cassidy & Christopher Mackie

Co-chairs, Mayor's Advisory Panel on Poverty
