Dear Michael,

Re: Letter of Resignation

Regrettably I am writing this letter of resignation from the Accessibility Advisory Committee (ACCAC) with effect from April 1, 2016 as my husband and I will relocate to Lethbridge, Alberta for new employment opportunities. The ACCAC is one of the most rewarding committees I have served so far. Within this year, I have met so many committed individuals, who come together with a common goal to advocate the rights for people with disabilities, specifically for those with accessibility challenges. There is a long way for our municipal, provincial, and federal governments to meet all those needs, but the work of this Committee will never be negligible. I applaud not only the time people in this Committee devoted, but also their diligence to make this community accessibility friendly. Thank you for your leadership and to Betty for her meticulous administrative support.

I wish you all the best!

Sincerely,

Dora Tam
