

Dear Lauren,

As a resident of London, I am writing to request delegate status to present to the Civic Works Committee in regard to the Springbank Dam matter.

As a member of the city's Committee of Adjustment, I have perspective on development and redevelopment issues to share. In addition having worked on federal funding requests for initiatives undertaken by UTRCA and as a Member of the Friends of Meadowlilywoods and a homeowner in close proximity to the south branch of the Thames, I wish to express environmental and financial concerns I have in regard to this matter.

Best regards,  
Shawn Lewis  
67 Trapper St. London ON.
