City of London
300 Dufferin Ave.
London, ON N6B 1Z2

Dear Mayor Brown and Council Members,

Re: London For All: A Roadmap to End Poverty

I am writing to you on behalf of Pillar Nonprofit Network in support of the recommendations presented by the Mayor's Advisory Panel on Poverty.

I was impressed with the extensive opportunities for community input that were made available through the six-month process. This document reflects the many voices of our community.

This document as its name suggests is a clear road map. It includes the aspiration of a London reaching its full potential by ending poverty in one generation with a list of detailed recommendations on how our community can work together to achieve this.

I hope that Council will endorse these recommendations so that we can begin this critical piece of work in our community.

Sincerely

A handwritten signature in blue ink that reads "Michelle Baldwin".

Michelle Baldwin
