Dear Councillor Bud Polhill,

Re: 764 Waterloo Street Application

This letter is to support the Bishop Hellmuth Community Association's objectives to balance preservation of heritage buildings when feasible, but ensuring in all cases that any proposed redevelopment preserve the aesthetics of the Old North residential area.

We need this continued attention to the architectural character if we are to maintain the core values of this conservation district and sustain into the future in a meaningful way.

We have found the Bishop Hellmuth Community Association a passionate yet reasonable and collaborative neighbour on such issues.

We trust you will engage in the necessary dialogue to reach the best possible solution for the community and the property owner.

Yours sincerely,
