

Doug Nemeth, Chairperson
London Housing Advisory Committee (LHAC)
c/o Ms. Martin, Jackie, Committee Secretary of LHAC
City of London, Ontario

April 4, 2016

Dear Doug,

Re: Letter of Resignation

Regrettably I am writing this letter of resignation from the London Housing Advisory Committee (LHAC) with effect from June 1, 2016 as I will relocate to Alberta for new employment opportunities. The LHAC is one of the most rewarding committees I have served so far. Over the years, I have met so many committed individuals, who come together with a common goal to advocate the rights of housing for all, specifically for those who are struggling to meet their housing needs. There is a long way for our municipal, provincial, and federal governments to meet all those needs, but the work of this Committee will not get unnoticed. I applaud not only the time people in this Committee devoted, but also their diligence to make this city exemplary for the nation to address the housing issue. Thank you for your leadership and to Jackie for her meticulous administrative support.

I wish you all the best!

Sincerely,

Siu Ming Kwok
