4. Trail Advisory Group, TAG

- Received a positive response to our ongoing document review(s)
 - Draft Guidelines for Management Zones and Trails within ESA's (with edits, May 6th)
- M. Dawthorne, M. Cairns, J. Sanders to continue to be involved with last minute reviews of their draft document(s) as changes are made and resubmitted to them
 - Re: our objective is for them to recognize, reference, and include the AODA requirements for Recreational Trails within their Planning Design Standard
- Update: this document was respectively revised relative to prior comments and re-submitted as version 2, dated May 12th. Again reviewed, by the above members, and returned to TAG with further comments May 13th

Request for Motion:

That the ACCAC Policy Sub-Committee review the current Z-1 Zoning Bylaw for terminology that may conflict with the AODA's Reg. 413/12 Implementation Standard relative to their Technical Requirements for Recreational Trails (clauses 80.6 – 80.15)
