2. Community Feedback Display Boards

An Information & Feedback Display was placed in selected City of London community and recreation centres and libraries (Table A4, Figure A2). Centre visitors were invited to provide their feedback on post-it notes and to 'vote' for a choice of container limit: 4, 3 or 2 containers. Responses are summarized in Tables A5 and A6.

Locations were selected to maximize exposure and opportunity to provide feedback in all municipal electoral wards and at centres that receive a greater number of visitors. Five displays were created and will be rotated through the fourteen locations between May 18 and June 6, 2016.
