City of London  
Planning and Environment Committee  
Attention: Phil Squire, Chair  
300 Dufferin Ave  
PO BOX 5035  
London Ont N6A 4L9

Dear Councillor Phil Squire,

Western University would like to thank the City of London for continuing to provide a process for commenting on the London Plan as it moves through the approval process. We have provided significant comments to the Planning Department during both of the previous review periods. On subsequent review of the latest draft of the London Plan, it does not appear that a majority of our comments have been addressed.

We would ask the Planning Committee to provide direction to city staff to set-up an opportunity for our previous comments to be addressed.

Thank you for your consideration.

Yours Sincerely,

Gitta Kulczycki  
Vice-President (Resources & Operations)
