TO WHOM IT MAY CONCERN:

On behalf of the London Home Builders' Association, this letter is to recommend Dick Brouwer for a Director's position on the Board of Directors for the Housing Development Corporation (London).

Dick has a lengthy history of leadership in the London Home Builders' Association having served as President from 1995 to 1996, and subsequently as the President of the Ontario Home Builders' Association as well. He has won numerous awards for outstanding volunteerism including the prestigious Mowbray Sifton Award. He has continued his participation throughout the years serving on the Board of Directors of the Tarion Warranty Corporation, and also on the Fanshawe Advisory Committee on Continuing Education and a variety of other government advisory boards on behalf of the residential construction industry.

His original business, Brouwer Plumbing, was opened in 1967 and is still operating. Also in partnership with Michael Zebregts, who was then operating Zebregts Homes as a residential builder, Dick and Mike created and operated Zebro Developments. They have been responsible for bringing a number of new developments to market, so Dick is well versed in the process of land procurement and development approvals, financing and design requirements in the City of London.

Dick is a passionate individual, has great energy and is not afraid of committing his time to any role that he undertakes. We are confident that his experience would be an asset and he would represent the Housing Development Corporation in a professional manner.

Yours truly,

Lois Langdon, Executive Officer
London Home Builders' Association

London Home Builders' Association

Mission Statement - LHBA is committed to provide a forum for its members to share information and experience; promote ethical building and business practices; be the voice of the residential construction industry in London and to work towards the betterment of our community.

TEAM - Together Everyone Achieves More
