Jerry Bunn, City Clerk's Office

cc/ Cathy Saunders, John Fleming

To City Council,

This letter is in regards to item 23 of the March 26th Planning and Environment Committee meeting, the application regarding properties located at Southdale and Whiteoaks roads.

We appreciate that 20 days notice was provided in regards to the amendment to the official plan from 'Auto Oriented Commercial Corridor', to 'Neighbourhood Commercial Node'. However, what has actually been proposed by the committee for the amendment is not consistent with what was circulated. Therefore, a vote to approve this amendment at the April 10th City Council meeting would not represent due notice to the public.

As per the requirements of the Planning Act s. 17(15), we request that proper notice be given on the revised amendment prior to a vote on the matter.

Thank you,
