C. Saunders  
City Clerk

T. Copeland  
Division Manager, Wastewater and Drainage Engineering

I hereby certify that the Municipal Council, at its meeting held on September 27, 2016 resolved:

2. That the following actions be taken with respect to the 9th Report of the Advisory Committee on the Environment from its meeting held on September 7, 2016:

- a) Dr. Brennan Vogel BE INVITED to attend the next Advisory Committee on the Environment Committee (ACE) meeting to discuss how municipalities in Nova Scotia have implemented sustainability plans; it being noted that the ACE received the Sustainability Working Group Report from its meeting held on July 27, 2016;
- b) the following comments BE FORWARDED to the Civic Administration with respect to provision of child minding services for the public at public participation meetings related to a Standing Committee meeting:
  - i) concern that young children may be scared being left with someone they do not know;
  - ii) consideration be given to reimbursing parents for hiring care as an alternative provision; and,
  - iii) noting older children could stay in the council chamber gallery, with something to occupy them;

it being noted that the ACE reviewed and received the Municipal Council resolution adopted at its meeting held on March 22, 2016, with respect to this matter;

- c) the following actions BE TAKEN with respect to the 2016 Advisory Committee on the Environment (ACE) Work Plan:
  - i) the revised 2016 ACE Work Plan appended to the 9th Report of the ACE be included on the next ACE Agenda for further consideration; and,
  - ii) the matter of a potential request for an ACE representative to be appointed to the Food Council be placed on the next Agenda;
- d) a representative from the Upper Thames River Conservation Authority BE REQUESTED to attend the next meeting of the Advisory Committee on the Environment to provide updates on the following matters:
  - i) the potential of hydro generation in the Thames River;
  - ii) the contribution of pollution in the Thames River to the algae bloom in Lake Erie; and,
  - iii) the engineering requirements of West London Dyke as compared to alternative designs;

- e) the Civic Administration BE INVITED to the next meeting of the Advisory Committee on the Environment to provide an update on sewer/ stormwater overflows into the Thames River; and,
- f) clauses 1 to 7, 10, 11, 12, 14 and 15, BE RECEIVED. (2/16/PEC)
