 - Gary Blazak, on behalf of the applicant – indicating that the application is very straight forward; pointing out that they are seeking to add a couple of additional uses, namely medical and dental offices, clinics and retail uses; advising that those are the types of uses that Mr. Park has received inquiries for over the last two years while this 1,200 square foot unit has been empty; trying to respond to market conditions and they are in full agreement with the staff recommendations; reiterating that it is very straight forward and it achieves exactly what they have asked for.
