ARTICLE 2 - PROJECT

2.01 Project

(1) The Board intends to construct a school (which will include certain child care facilities) on the Lands and which includes the construction of the Premises for purposes of an Operator operating a Family Centre at the Premises.

(2) Given the City's overall interest in seeing the Premises constructed, the City hereby agrees to fund and advance to the Board:

- (a) the City's Proportionate Share of the fees, costs, expenses and other amounts incurred by the Board and involved in and related to the completion of the Project, which includes, without limitation: (i) the City's Proportionate Share of all costs related to the preparation of the Plan and any other plans, architectural and engineering drawings as may be undertaken for purposes of the Project; (ii) the City's Proportionate Share of the Contract Price (and any amount over and above the Contract Price as contemplated in section 2.02(d) below); (iii) the City's Proportionate Share of Other Costs; (iv) the City's Proportionate Share of amounts related to the settlement or other resolution of any disputes with respect to deficiencies under the Contract (as contemplated in section 2.04 below); and, (v) an amount equal to 2.16% of all of the above amounts (for which HST is payable by the Board), to fund the Board's obligations in respect of HST (net of applicable rebates) in respect of any HST exigible when such amounts are paid by the Board in the first instance;
- (b) PLUS all of the Board's legal expenses incurred in connection with the preparation of the May 2016 Agreement and this Agreement, plus an amount equal to 2.16% of such expenses (to fund the Board's obligations in respect of HST (net of applicable rebates) in respect of HST exigible when such expenses are paid by the Board in the first instance);
- (c) PLUS one hundred percent (100%) of the City Change Costs (as contemplated in section 2.02(c) below), together with an amount equal to 2.16% of any of the City

Change Costs for which HST is payable by the Board (to fund the Board's obligations in respect of HST (net of applicable rebates) in respect of HST exigible when such costs are paid by the Board in the first instance); and

- (d) LESS the amount of the Provincial Funding actually received by the Board.

2.02 Cash Allowances, Contingency Allowances and Requested Changes

The Parties further acknowledge and agree that:

- (a) the Contract provides for cash allowances which will be addressed and administered by the Board (and its Consultant) in accordance with Part 4 – GC4.1 of the form of the construction agreement the Board has developed for purposes of construction projects and which will be included in the Contract. The Board will be entitled to: administer the cash allowances under the Contract; provide direction to the Contractor in respect thereof; and, otherwise make all decisions relating thereto, so long as the Board is acting reasonably;
- (b) the Contract provides for contingency allowances. To the extent that during the completion of the Project: unforeseen circumstances arise in the completion of the Work (and which do not represent requests for design or material changes of a discretionary nature); or, coordination issues which arise during the completion of the Project, in any case necessitating a change directive or change order, the cost of such change directive or change order will be charged to such contingency allowance in accordance with the terms of the Contract. It is agreed by the Parties hereto that, provided it is acting reasonably, the Board will have authority to approve all such change directives or change orders;
- (c) to the extent that either Party requests changes in the Work consisting of additions, deletions or other revisions to the Work of a discretionary nature and which do not relate to unforeseen circumstances in the completion of the Project or coordination issues which arise during the completion of the Project (it being agreed that: the City will use every effort to ensure that it not request any changes in respect of the Work; the City will only be able to request changes in respect of the Work which relate to the Premises; and, the Board will have the discretion to approve or reject any such request), the Party requesting any such change will be responsible for all fees, costs, expenses and other amounts associated therewith. To the extent that the City requests a change of the type referred to in this section 2.02(c), and

provided the Board is prepared to accept same, the Board shall obtain an estimate for the costs relating to such change and shall advise the City thereof. The City shall then have a period of not more than five (5) days to advise the Board, in writing, as to whether the City wishes to proceed with such change. To the extent that the City elects to proceed with such change, it will be responsible for all of the fees, expenses, costs and other amounts (the “**City Change Costs**”) incurred and which relate to such change and the amount of same will be taken into account and addressed in the context of the reconciliation processes contemplated under section 2.03 below; and

- (d) regardless of any of the foregoing, the Parties recognize that the contingency allowance for the Contract may be insufficient to cover the costs of changes arising from unforeseen circumstances or co-ordination issues and that the Contract Price may be exceeded as a result thereof. In such circumstances, the Parties shall be responsible for funding their proportionate respective share of any such excess.

2.03 Reconciliations

- (a) Within sixty (60) days of the date upon which the Board makes payment to the Contractor of the unpaid balance of the Contract Price (less any funds held to satisfy deficiency claims advanced by the Board), the Board will prepare a reconciliation of all amounts expended by it in connection with the Project, including, without limitation, amounts expended, saved or owing under the Contract.
- (b) Given the nature of the Project, the Parties recognize and agree that it may be necessary for the Board to undertake additional reconciliations after the one specified in section 2.03(a) above, as certain costs related to the Project are determined.
- (c) Any reconciliation undertaken by the Board shall be subject to the following:
 - (i) despite the percentage used in this Agreement, the Parties’ respective Proportionate Share shall be recalculated using the “as built” square footage measurements of the building constituting part of the Project and the Family Centre Building Space;
 - (ii) the primary purpose of any reconciliation is to determine whether, based on the principles of sections 2.01(2) and 2.02 above, any amount is owed

by the City to the Board (i.e. the amount of the Provincial Funding actually received by the Board is less than the aggregate of the obligations the City has agreed to fund under this Agreement);

- (iii) the City will have a period of thirty (30) days to review and comment upon any reconciliation and, in the event there are no matters in dispute between the Parties, the City will pay to the Board the amount, if any, indicated as being owing by the City to the Board in said reconciliation; and
- (iv) to the extent that the Parties are unable to reach agreement with respect to any reconciliation, the matter will be dealt with in accordance with the provisions of Article 6 below.

2.04 Holdbacks

Circumstances may arise such that, when the Board makes payment pursuant to the Consultant's final certificate for payment under the Contract, the Board may hold back a portion of the Contract Price to satisfy deficiency claims advanced by the Board. In such circumstances, the Board will, acting reasonably, be entitled to resolve all disputes with respect to any such deficiencies and advance or withhold any amounts as it sees fit. At such time as all withheld amounts for deficiencies have been released and all matters relating thereto have otherwise been resolved, the Board will provide the City with a reconciliation in respect thereof. The Board will be responsible for administering the appropriate holdback for each payment for the design and completion of the Project in accordance with the *Construction Lien Act* (Ontario). Regardless, the City shall be responsible for the City's Proportionate Share of all fees, costs, expenses and other amounts (including legal fees), incurred by the Board in connection with the settlement or other resolution of any disputes related to any such deficiencies.

2.05 HST

Sections 2.01(2)(a) and (b) above contemplate that the City will be responsible for funding its Proportionate Share of the Board's HST payment obligations (net of applicable rebates) in connection with the specified costs, expenses and other amounts paid by the Board in connection with the Project. Section 2.01(2)(c) above contemplates that the City will be responsible for funding 100% of the Board's HST payment obligations (net of applicable rebates) in connection with City Change Costs. For these purposes, the parties have estimated that the Board's HST payment obligations (net of applicable rebates) will be 2.16% of the applicable costs, expenses and other amounts to be paid by the Board in the first instance. The Board has made an

application to the Canada Revenue Agency (“**CRA**”) for a ruling to confirm what the Board’s obligations in respect of HST (net of applicable rebates) will be (the “**Net Obligations**”). If at any time it is determined (the “**Determination Date**”) that the Net Obligations are other than 2.16% of the applicable costs, expenses or other amounts (such other net percentage being referred to as the “**Determined Percentage**”), the parties agree to reconcile and make appropriate adjustments and payments, one to the other, in respect of such amounts as may have been paid by the City prior to the Determination Date. Furthermore, any calculations or reconciliations which may be undertaken pursuant to this Agreement after the Determination Date will be made and undertaken using such Determined Percentage as opposed to 2.16%. Notwithstanding the foregoing, the parties have been advised that it is possible that CRA might take an altogether different approach to any HST payable in connection with the various amounts payable under this Agreement, including, without limitation, determining that the Board should be collecting from the City thirteen percent (13%) of any amounts charged to and payable by the City under this Agreement in respect of HST thereon. Regardless of the circumstances, the parties agree to cooperate and work together to arrive at an approach which both satisfies CRA and respects the principles which underlie this Agreement. In this regard, the parties agree to act in good faith in connection with any calculations, reconciliations and payments relating to the Board’s HST obligations in respect of the costs, expenses and other amounts related to the Project.

ARTICLE 3 - FINANCIAL RECORDS

3.01 Financial Records

The Board will: maintain reasonable financial and accounting books and records with respect to all amounts expended by the Board in relation to the conception of and completion of the Project; allow the City or such other persons appointed by the City to inspect said books and records at all reasonable times and to take copies thereof; and, provide the City with such information as it may reasonably request in connection with the Project (subject always to the application of applicable privacy legislation that would expressly prohibit same). The Board’s obligations under this section 3.01 will end on the second (2nd) anniversary of the date of this Agreement.

ARTICLE 4 - FAMILY CENTRE ACTIVITIES

4.01 Family Centre Activities

Given the City's interest in seeing Family Centres operated in the City of London, the City agrees to:

- (a) provide the Board with suggestions regarding the nature and types of services which will be offered as part of the Family Centre to be operated within the Premises; provided that, the Board will have the authority to limit the conduct of any activities or types of activities in its absolute discretion; and
- (b) identify and assist in recruiting, from time to time, suitable entities to operate a Family Centre within the Premises.

For purposes of certainty, in no circumstances will the Board have any obligation to identify or recruit any Operator. Furthermore, the Board will have no obligation whatsoever to monitor or oversee any Operator, or to determine whether any Operator is fulfilling any particular objectives identified by any party whomsoever.

ARTICLE 5 - OWNERSHIP

5.01 Ownership

The City hereby acknowledges, covenants and agrees that nothing contained in this Agreement will provide the City (or any party other than the Board), with any ownership interests (beneficial or otherwise), in the Premises, the Project, the Lands or the part thereof. Furthermore, the City hereby acknowledges and agrees that the Board will have the unfettered authority to restrict the nature of any of the operations within the Premises to the extent that the Board determines, acting reasonably, that: (a) it is necessary to do so in order for it to comply with or otherwise adhere to any legislation affecting it, any governmental directives, rules or orders applicable to it and any of the Board's own policies and procedures, in effect, from time to time; or, (b) any aspects of the operations are inconsistent with the environment the Board wishes to create or maintain for its students. Finally, the City acknowledges and agrees that the Board will have unfettered discretion to:

- (i) establish rules and issue directives in respect of access to and egress from the Premises;

- (ii) establish rules and issue directives in respect of parking arrangements for the Operator, its invitees and other users of the Premises;
- (iii) restrict access to and use by the Operator, its invitees and other users of the Premises of any and all parts of the Project and Lands not forming part of the Premises; and
- (iv) establish the terms and conditions upon which the Premises may be leased to an Operator, which will include and address, among other things, rights of ingress and egress to the Premises.

ARTICLE 6 - GENERAL

6.01 Force Majeure

Notwithstanding any other provision contained herein, in the event that either the Board or the City should be delayed, hindered or prevented from the performance of any act required hereunder by reason of any unavoidable delay, including strikes, lockouts, unavailability of materials, inclement weather, acts of God or any other cause beyond its reasonable care and control, but not including insolvency or lack of funds, then performance of such act will be postponed for a period of time equivalent to the time lost by reason of such delay. The Parties will share any costs incurred in completing the Project due to any strikes or lock-outs on the basis of their respective Proportionate Share. The provisions of this Section 6.01 will not, however, under any circumstances, operate to excuse the City from prompt payment of amounts due to the Board pursuant to the terms of this Agreement.

6.02 Effect of Waiver or Forbearance

No waiver by any Party of any breach by any other Party of any of its covenants, agreements or obligations contained in this Agreement will be or be deemed to be a waiver of any subsequent breach thereof or the breach of any other covenants, agreements or obligations, nor will any forbearance by any Party to seek a remedy for any breach by any other Party be a waiver by the Party so forbearing of its rights and remedies with respect to such breach or any subsequent breach.
