The Ontario Municipal Social Services Association's one-day forum will highlight new, exciting and innovative thinking and projects that promote accessibility and inclusion in our communities.

Building Accessible Communities

Some of the most exciting and innovative developments in accessibility are happening at the community level. This one-day forum will showcase emerging and best practices on building inclusivity in all aspects of our lives: work, community, the built environment and more.

Keynote Speaker - Gil Penalosa

80 Cities is an organization centred on a simple but powerful philosophy -- if you create a great city for an 8-year-old and an 80-year-old, you will create a successful city for all people. A dynamic motivational speaker, Gil will inspire everyone in the room to help create change wherever they are.
