- *Councillor J. Helmer – indicating that at some point the Civic Administration noticed that this little mistake happened; wondering if the Civic Administration checked to see if there were any others that were inadvertently deleted when they did that;* Mr. G. Barrett, Manager, Long Range Planning and Research responding that they did not, this was raised because the property was going up for sale and they realized that they did not have a zone to go with it.
- Mauro Castrilli, 2156 Highbury Avenue North – expressing support for the staff recommendation.
