Chair and Members of the Planning and Environment Committee

RE: 551 Knights Hill Road – Z-8675

While I am unable to attend this evening's meeting, I would like to submit my input and support for the above noted Planning Application.

Currently, the proposed zoning amendment is appropriate for the location. As noted in the report – the building directly north has recently been converted for medical / dental purposes and underwent significant renovations. The report additionally indicates that the intent is that, once the zoning amendment is completed, the building will be renovated in a similar fashion. The rehabilitation of these buildings is positively embraced by the community and have increased the general aesthetics of the street.

Kind regards.

Virginia Ridley
