Re: Association of Municipalities of Ontario – Health Task Force

I have recently joined the Association of Municipalities of Ontario's Health Task Force. This is a new task force established to form the association's advocacy strategy and positions on health policy issues in Ontario. The focus of the task force is to address issues including asks by the municipal sector in regards to health care, for example, land ambulance, hospital funding, and physician recruitment.

I respectfully request to be **REIMBURSED** for my expenses associated with attending the 2016/17 meetings of this Task Force outside my annual expense allocation, subject to the annual budget approval process, and in accordance with Council's Travel and Business Expense Policy 28(1).

Thank you for your consideration of this matter.

Jesse Helmer
Councillor, Ward 4
