

Canada 150 Bike Tour London

That the City of London in partnership with the Cycling Advisory Committee, the London Cycling Club, the London Centennial Wheelers and other sponsors, hold a Canada 150 Bike Tour London in June 2017 for Londoners and the surrounding community.

The route could follow the Thames Valley Parkway and travel along less busy roads around the City and countryside. Various distances of 15 km; 75 km; and 150 km could represent the 150 years of Canadian history.

A shunpiker tour format where cyclists have a "passport" stamped at significant historic locations might be a way to celebrate the Canada 150 theme of 2017.
