The City of London has received an application to subdivide a parcel of land as shown on the map attached. The proposed draft plan of subdivision is described below. The City of London has also received a Zoning By-law Amendment application. We are advising you of these applications to invite your comments and the comments of nearby property owners.

APPLICANT: Sifton Properties Limited
LOCATION: **Municipal Address:** Portion of 3614, 3630 Colonel Talbot Road, and 6621 Pack Road
Planning District: Talbot
Watershed: Dingman Creek
Assessment Roll Number: 080070021000000, 080070015000000

PURPOSE AND EFFECT: The purpose and effect of these applications is to permit the development of a subdivision with 82 single detached lots, a range of cluster housing units (approx. 101-216 cluster housing units), 2 park blocks and several 0.3 m reserves, road widening and future access blocks, all served by three (3) new local roads.

PROPOSAL: Consideration of a Residential Plan of Subdivision with 82 single detached lots, two (2) medium density blocks, two (2) park blocks and several 0.3 m reserves, road widening and future access blocks, all served by three (3) new local roads.

Possible Amendment to Zoning By-law Z.-1 to change the zoning from an Urban Reserve (UR4) Zone to: A Residential R1 Special Provision (R1-4(30)) Zone, to permit single detached dwellings with a minimum lot frontage of 12 m and a minimum lot area of 360 m² with a special provision for a 4.5 m minimum and a 7.5 m maximum front yard setback to a dwelling (whereas no maximum is required), a 5.5 m minimum setback to a garage (whereas 6.0 m is required), and a maximum lot coverage of 45% (whereas 40% is required); A Residential R5/R6/R8 (R5-6/R6-5/R8-4) Zone, to permit: R5-6 - cluster townhouses dwellings and cluster stacked townhouse dwellings, at a maximum density of 50 units per hectare and a maximum height of 12.0 m; R6-5 - cluster single detached dwellings, cluster semi-detached dwellings, cluster duplex dwellings, cluster triplex dwellings, cluster townhouse dwellings, cluster apartment buildings and cluster fourplex dwellings, at a maximum density of 35 units per hectare, and a maximum height of 12 m; R8-4 - apartment buildings, handicapped person's apartment buildings, lodging house class 2, stacked townhousing, senior citizen apartment buildings, emergency care establishments, and continuum-of-care facilities, at a maximum density of 75 units per hectare and a maximum height of 13 m; and An Open Space (OS1) Zone, to permit conservation lands, conservation works, cultivation of land for agricultural/horticultural purposes, golf courses, private and public parks, recreational golf courses, recreational buildings associated with conservation lands and public parks, campground, and managed forest.

The above noted possible changes could permit a mix of residential uses, parks and pathways. Special provisions for reduced setbacks from the street, and reduced side yard setbacks are also being considered.

The City may also consider adding holding provisions for the following: urban design, water looping, municipal services, and phasing.

**SUBJECT
LAND
STATUS
REPORT:**

A Subject Land Status Report (SLSR), prepared by Natural Resource Solutions Inc., dated November 2016, was submitted with the application for draft plan of subdivision. The SLSR is available for public review during regular business hours at the City of London, Development Services, 6th Floor, City Hall.

The Official Plan designates the subject site as "Low Density Residential" which allows single detached, semi-detached, duplex dwellings and cluster housing at a maximum density of 30 units per hectare as the main permitted uses; and "Multi-Family Medium Density Residential" which allows multiple attached dwellings at a maximum density of 75 units per hectare as the main permitted uses.

The subject lands are in the "Neighbourhoods" Place Type in *The London Plan* (Ministry-adopted but not in force and effect), permitting a range of housing including single detached, townhouses and low rise apartments.

The site is presently within an Urban Reserve (UR4) Zone which permits existing dwellings, agricultural uses except for mushroom farms, commercial greenhouses livestock facilities and manure storage facilities, conservation lands, managed woodlots, wayside pits, and passive recreation uses, kennels, private outdoor recreation clubs, and riding stables.
