

Dear Civic Works Committee Members and Council Members: Upcoming road reconstruction in Oakridge includes sidewalks. A recent petition of over 100 households returned a 90 plus percentage rate indicating that sidewalks were neither needed nor desired by the residents. Please respect our wishes in this matter and act accordingly. Apart from respecting your voter's wishes, you will also save the City (and the Taxpayers) some much-needed funds. Thank you for your consideration in this matter.
