Subject: Civic works committee fluoride

Dear Betty,

Please add the following note for public record with the agenda for the "Civic Works Committee" scheduled April 23, 2012

Thank you,

Anselmo Demelo

Dear "Civic Works Committee" members:

I ask you to please vote to stop fluoridating London's drinking water. This is causing my family hardship due to the high costs of attempting to filter our tap water in order to remove the Fluoride that you are adding in. Furthermore, I find it appalling that in in our "Free Society" that one group can medicate another group against there wishes!

Anselmo Demelo
