Dear Mayor and Councillors:

Re: 560 & 562 Wellington St – Application for Official Plan and Zoning By-law Amendment – File OZ-8462

I am writing in support of the above-noted application to bring an attractive, compact and distinctly urban residential building that provides a positive contribution to the core of London.

This proposal will bring much needed housing choice and form within Central London to add to the vibrancy of living in the core.

I am pleased to support this proposal that is just steps from Victoria Park that will allow access to some of London's best restaurants, cafés, boutique shops, cultural and music festivals, yoga and recreational centres.

There are many benefits to approving this building in the core and I do not believe there is any negative impact on the community.

Thank-you for your time and looking forward to seeing this proposal approved.

Sincerely;
