

Vitamin D -- City of London

11,000 people on Ontario Works

7000 children ages 0 – 17 **in total**

3500 children ages 0 – 6

1500 children ages 13 – 17

1 year supply of Vitamin D3 drops – 1000 IU wholesale from Natural Factors @ \$10 per bottle would cost:

\$35,000 for ages 0 - 6

\$20,000 for ages 7 – 12

\$15,000 for ages 13 – 17

Approximate Total cost for all children for one year would be \$70,000.

Older children could take the small capsule and with bulk buying, the costs would be lower.

This is a lot cheaper and a lot healthier for the children and for all the citizens of London
