Dear Ms. Wise,

My name is (Ahmad Al zobani) and I am a member of the London, ON community. We, the muslim community in London, ON are seeking your help for an important issue.

We plead with you to endorse our cause to start an Islamic slaughterhouse and introduce it to the city in order for us to be able to carry out are our religious duties and make it less of a burden for every muslim or non-muslim family in London to have access to halal meat.

The Islamic way of slaughtering meat is scientifically proven to be the cleanest, purest, and most humane way to slaughter an animal.

The 'Halal' way of slaughtering meat is based on a certain set of rules that ensures the animal has good living conditions, is fed properly, and is slaughtered in a way that ensures they feel the least amount of pain possible. The process is much more humane than the typical industrial approach to processing meat.

The proposed location of the Islamic Slaughterhouse is a farm on 8076 Longwoods Rd, London, ON
