London, ON

Committee Members:

Re: Business Licensing By-law Review – Adult Entertainment Establishments

I am counsel for the managers/operators and entertainers of the London Adult Entertainment Establishments Solid Gold, Beef Baron and Goldiggers Adult NightClub .

The proposed changes to the Adult Entertainment by-law impacts on both managers/operators and entertainers in a way that requires not only their participation, but full representation in the content and process of this new by-law and proposed licensing regulations.

I am unable to attend the committee meeting scheduled for June 20, 2017 and request that a further stakeholder meeting be scheduled in order that we may provide sufficient submissions and to participate in the formulation of any changes to the current Business Licensing By-law.

I have asked Mr. C. Vitsenzatos Barrister and Solicitor to provide this letter to the Committee.

Thanking you in advance for your anticipated co-operation.

Yours very truly,

Theresa R. Simone
