Date: June 5, 2017

Re: London Endowment Fund for Heritage

At its meeting on Wednesday May 10, 2017, the London Advisory Committee on Heritage (LACH) recommended that,

“London Community Foundation - Fund Statement for Year Ending December 2016 That Civic Administration BE DIRECTED to research the feasibility of publishing individual grants given by the London Endowment for Heritage Fund in the future; it being noted that the London Advisory Committee on Heritage received a communication from L. Runciman, London Community Foundation, dated April, 2017, with respect to this matter.”

Due to privacy concerns, the names, addresses, and grant amounts for individual property owners cannot be released. Instead, the London Community Foundation has provided the following reports on the granting activities of the London Endowment Fund for Heritage for 2013, 2014, 2015, 2016. Information that can be published publically will be posted on the London Community Foundation’s webpage for the London Endowment Fund for Heritage: <http://www.lcf.on.ca/receive/london-endowment-heritage-grant-program>.

2016 Recipients

Moveable Heritage Stream Recipient Projects:

- **\$2000 Congregation Or Shalom for Historical Boards as a focus at the 50th anniversary Gala Celebration 1966-2016** to illustrate the history of the establishment of the synagogue, evolution in religious practices, Social and Cultural event highlights through the years, role in education of both youth and adults, role within the Jewish Community and the community as a whole and our connection to Israel.
- **\$1000 Jet Aircraft Museum for Travelling aircraft** - a disabled T-33 jet is being altered to create a road travelling aircraft that will be mounted to a trailer and used for military and aviation programs and exhibits throughout Southwestern Ontario. The aircraft will also be accessible inside so that individuals can experience what it is like in the cockpit of a vintage aircraft.
- **\$1000 The Light at the End of the Tunnel** - historical documentary that highlights the personal journey of a few escaped slaves that used the Underground Railroad to come to London, and how they made impacts on society and London's culture upon arriving and settling in the mid 1800's.

Cultural Heritage Landscape Stream Recipient Project:

- **\$500 Traverse the Thames Awareness and Appreciation Campaign:** An online, website and media awareness campaign about the Thames River, and the impact it has on the landscape, our lives, how communities were developed around the water, and its effect on so many aspects of our society, including lifestyle and infrastructure. The core of the campaign will be centered on a canoe journey, where participants will canoe/kayak the entire length of the river from Mitchell to Lake St. Clair: 287 km.

Architectural Heritage Stream Recipient Projects (Heritage Properties):

- \$1,000.00 Second Level Porch
- \$2,000.00 Painting and front door
- \$3,000.00 Porch
- \$800.00 Conical roof finials and chimney caps
- \$500 Rebuilt stone wall on west side of driveway
- \$1,000.00 Three wood storm windows and remove aluminum storm windows
- \$1,000.00 Replace wood windows with wood windows
- \$7,000.00 LIFE*SPIN (Low Income Family Empowerment * Sole-support Parent Information Network) for Canopies for five storefronts – historical photographs show them on the façade of the building and the canopies will help to protect the restored stain glass.
