

J. Henkel, By Email

Please be advised that I wish to be present at the above captioned meeting of the CPSC and to make a presentation in opposition to an appeal by the Condominium Corporation covering unit numbers 38,40,42, 44, and 46 on Berkshire Court. This matter is in respect to an issue over a so-called "naturalized area" on the properties that in the view of neighboring residents is in contravention of Provincial Statute and City of London By-laws.

This matter has been discussed with Omar of the By-law enforcement department and he has been informed of my wish to be present and to make representations in support of a petition filed with the City in August 2016.

Yours truly
