 - Dave Lester, Vice-President, Commercial Properties, Sifton Properties Limited – advising that this site is essential to the two office buildings on Queens Avenue that they own as it provides staff parking; noting that the demand for parking does not let up, it seems increase; advising that this site gives them just under one per thousand square feet for 200 Queens Avenue and 171 Queens Avenue and they need much more than that to satisfy the never ending demand; indicating that it is critical to being competitive for those two buildings.
