

Extension of Veterans Memorial Parkway Design

June 9th, 2017

Dear Homeowner/Resident,

**Re: EXTENSION OF VETERANS MEMORIAL PARKWAY (VMP)
HURON STREET TO CLARKE ROAD**

Dear Resident/Owner:

As recommended by the City of London's Smart Moves 2030 Transportation Master Plan (TMP) and the Growth Management Implementation, Strategy (GMIS) the City of London is working to construct a two (2) lane rural road extension of Veterans Memorial Parkway (VMP) from Huron Street northerly to Clarke Road, south of Kilally Road (site map on back page). The City of London has retained Stantec Consulting as the Consulting Engineer to complete the preliminary and detail design of this extension of VMP. The work is currently scheduled to be undertaken in 2019.

The City looks forward to implementing this new piece of infrastructure in your area; and we will do our best to mitigate social disruption during the project, from design to construction.

The City will send you more information about this project later this year after the design has advanced. You will also receive more information about the construction schedule, as well as an invitation to attend a public meeting (Fall 2017) where you can hear more about the project and ask questions.

People and Contacts: If you have any questions, concerns, or want clarification about this information, the following people are assigned to this specific project. Your primary contacts are:

City's Project Manager
Mr. Max Kireev, C.E.T.
Transportation Planning & Design
P: 519.661.CITY (2489) x 5925
mkireev@london.ca

or

Stantec's Project Engineer
Mr. Isaac Bartlett, P. Eng.
Stantec Consulting Inc.
519-675-6643
Isaac.bartlett@stantec.com

Sincerely,

Ardian Spahiu, P. Eng.
Transportation Engineer
Transportation Planning & Design Division
Environmental and Engineering Services Department

c: Councilor Mohamed Salih – Ward 3
K. Scherr, Managing Director Environmental & Engineering Services and City Engineer
I. Bartlett, Stantec Consulting
