

Wonderland Road Improvements Class Environmental Assessment Study Notice of Study Commencement

The City of London is starting the process to plan for long-term improvements to the Wonderland Road corridor, from Sarnia Road to Southdale Road. Wonderland Road is a critical north-south corridor in the City, with a variety of neighbourhoods, businesses and other uses along the road. This study will consider if Wonderland Road should be widened to six lanes, as well as how pedestrian, cyclist, transit and other users should be accommodated.

The study is following the requirements of a Schedule 'C' Municipal Class Environmental Assessment (EA) (2000, as amended) process and will build on the recommendations of The London Plan, Transportation Master Plan, Cycling Master Plan and other relevant studies.

We want to hear from you as we begin this study. *What is your vision for Wonderland Road?* Do you have ideas on how Wonderland Road should look and function in the future? Are there sections along Wonderland Road that could function better than they do today? If yes, what are they and how could they be improved? How do you typically use Wonderland Road – on foot, a bicycle, a bus, a car or something else? What improvements would encourage you to walk or cycle more often along the road?

Share your input with the study team!

Want to meet the project team? We will be available to meet and answer questions at Westmount Mall (785 Wonderland Road) on July 20th from 8 a.m. – 11 a.m. and at Springbank Gardens Community Centre (205 Wonderland Road South) on July 20th from 4 p.m. to 6:30 p.m. Find out more information about the project at <https://getinvolved.london.ca/WonderlandRoadEA> or by contacting one of the study representatives:
